|------------------|-------------------------|
| Article No.      | HC35 Plus               |
| Coating Material | Silicon                 |
| Coating Color    | Black                   |
| Liner            | Cotton/Function yarn    |
| Liner Color      | White                   |
| Finishing        | Impregnated             |
| Cuff Style       | Knit wrist              |
| Size             | 10                      |
| Style in Length  | 35cm(available in 45cm) |

## PERFORMANCE

- Contact temperature level 4 (500 degrees C) requires 15 seconds while Fortes HC35Plus achieved 21 seconds; Convective heat level 4 requires 18 seconds while HC35 achieved 37 seconds
- FORTES exclusive technology of double layer liner offering best protection against high temperature
- The MOST flexible & comfortable heat resistant glove in the market, well up to 500 degrees C.
- Both sides silicon coated providing excellent grip, extra heat resistance and durability
- Multiple launderings while both heat and cut resistant level remain the same
- Available in different length

## APPLICATION

- Barbecue
- Baking and roasting
- Iron and Steel manufacturing
- Work under high temperature where heat resistant protection required
